REPORT

ON THE

EXTERNAL TRADE OF BENGAL

WITH

NEPAL, TIBET, SIKKIM AND BHUTAN.

FOR THE YEAR 1887-88

DURING the year under report the system under which the external trade of Bengal with Nepal, Tibet, Sikkim and Bhutan, was registered remained the same as in former years. The number of registering stations on the northern frontier of Bengal, between the districts of Chumparun and Julpigoree, was 39 against 33 in the previous year, as detailed below :—

				Number of registering posts.	
				1886-87.	1887-88.
For the registration of the Nepal trade	27	33
Ditto of the Tibet and Sikkim trade	3	3
Ditto of the Bhutan trade	3	3
Total	33	39

2. The total value of the external traffic registered during the past three years was as follows :—

Imports into Bengal.				Exports from Bengal.					
		1886-86.	1886-87.	1887-88.			1886-86.	1886-87.	1887-88.

GENERAL
NOTICE.

TRADE WITH
NEPAL.

A detailed account of the traffic registered is given separately for each of the States in the following pages.

5. In his General Administration Report for 1886-87, the Commissioner of the Bhagulpore Division pointed out that the three registering offices in each of the sub-divisions of Kissengunge and Arrareah in the district of Purneah were so far apart from each other that half the traffic between Bengal and Nepal passed unregistered by the minor routes not in the line of the registering posts, and that accurate statistics could only be collected by increasing the number of registering offices. In accordance with the Commissioner's recommendation the Lieutenant-Governor sanctioned the opening of the following five new stations with effect from December 1887:—

In the Kisengunge sub-division.

Bansgaon.
Bhatgaon.
Gandharpdinga.

In the Arrareah Sub-division.

Koari.
Kusumbah.

Bansgaon station was kept open for two months only, *viz.* December 1887 and January 1888, after which the office was removed to Korhabari Hât, through which much traffic passes to and from Nepal. The total value of the trade registered during the past three years, is shown in the following statement:—

YEARS.				Imports from Nepal.	Exports to Nepal.	Total.
				Rs.	Rs.	Rs.
1885-86	95,18,431	52,27,817	1,45,46,248
1886-87	1,02,77,228	52,90,285	1,55,67,511
1887-88	1,12,34,228	73,51,720	1,85,85,948

The foregoing statement shows an advance in the aggregate value of merchandize carried last year of 19·39 per cent. in comparison with 1886-87, and of 27·77 per cent as compared with 1885-86. In the import trade, the figures of 1887-88 were 9·31 per cent in excess of those of the preceding year, while under exports, the increase amounted to so much as 38·96 per cent. There was an increase in almost every class of goods, especially in food-grains (769,788 maunds) and piece-goods—(Rs. 2,77,024 in European piece-goods, and Rs. 1,40,481 in Indian piece-goods.)

6. The principal staples comprised in the import and export traffic during the past three years are exhibited in the following statement. The figures shown here, however, are exclusive of the registered trade with other provinces which passed through Bengal:—

TRADE WITH
NEPAL.

7. *Cattle*.—The trade under this head continued active, the total number of head imported and exported being 9,411 greater than in the previous year and 17,518 greater than in 1885-86. Of the number imported in 1887-88, Chumparun is credited with 11,351, Mozufferpore with 11,991, Purneah with 10,272, and other districts with the rest viz. 3,646. As regards exports, the largest supply, viz. 3,071, went from the Purneah district.

8. *Cotton piece-goods*.—The increase in the exports of European piece-goods from Bengal amounted to Rs. 2,80,674 on the returns of 1886-87, and to Rs. 3,69,603 on those of 1885-86. The largest increase occurred in the quantity carried *via* Kutkenwa, which is on the high road to Katmandoo. The total value of unsold fabric which was returned to British territory fell off from Rs. 50,634 in 1885-86 to Rs. 24,011 in 1886-87, and to Rs. 20,361 in 1887-88. The traffic in Indian piece-goods also showed a great improvement, the total value of the exports being 76·93 per cent. better than in 1886-87, and 88·86 per cent. better than in 1885-86. The several stations through which consignments of European piece-goods were sent to Nepal during the past three years are named below:—

* During April and May 1885; the station was abolished from 1st June 1885.

9. *Other fibres, raw*.—The import trade under this head showed a very large decrease of 22,665 maunds, or 54·02 per cent., compared with the figures of 1886-87, and 12,360 maunds, or 39·05 per cent., compared with those of

1885-86. The falling off was chiefly in the quantity received from Nepal through the registering post at Nawabgunge, at which nothing was registered, against 12,691 maunds and 13,179 maunds in 1886-87 and 1885-86, respectively. The export trade is unimportant.

The principal districts to which hides were consigned in large quantities were Calcutta 14,758 pieces, Mozufferpore 11,130 pieces, Bhagulpore 7,910 pieces, Chumparun 7,271 pieces, Darjeeling 3,488 pieces, and Purneah 2,952 pieces.

12. *Skins of sheep, goats, and small animals.*—The import trade showed an increase of 24,712 pieces on the returns of 1886-87, and of 22,131 pieces as compared with 1885-86; out of the year's imports, 39,402 pieces or 45.61 per cent. were registered at Bairagnia in the Mozufferpore district.

13. *Brass and copper.*—There was a great recovery in the export trade, the total quantity having amounted to 16,511 maunds against 9,320 maunds in 1886-87, and 11,540 maunds in 1885-86. The principal districts which contributed to the increase during the past year were Patna (5,482 maunds) and Calcutta (5,301 maunds).

14. *Iron.*—The weight of iron exported to Nepal was 8,288 maunds in excess of the figures of 1886-87, but it was almost equal to the trade of 1885-86. By far the largest supply went through Adapore, where 11,437 maunds were registered against 3,827 maunds in 1886-87.

15. *Ghee.*—The total quantity of ghee imported into British territory was 1,667 maunds in excess of the imports of 1886-87, but 513 maunds below those of 1885-86. The different posts at which the largest quantities were registered in those years are as follows:—

18. *Saltpetre*.—The import trade under this head is steadily falling off. The quantity sent from Nepal during the year was 2,487 maunds below the figures of 1886-87 and 10,389 maunds below those of 1885-86. Of the year's supply, 6,692 maunds were imported *via* Bairagnia in the Mozufferpore district.

19. *Oilseeds*.—In the case of linseed the imports were almost equal to the supply received in 1886-87, but they exceeded the figures of 1885-86 by 26,441 maunds. As regards mustard-seed, the supply fell off by 23,623 maunds as compared with 1886-87, but increased by 25,245 maunds as compared with 1885-86. Of the importing districts, Mozufferpore received 58,257 maunds of linseed and 12,800 maunds of mustard-seed, Chumparun 82,374 maunds and 16,444 maunds respectively, Durbhunga 47,571 maunds and 16,294 maunds respectively, Bhagulpore 5,741 maunds and 41,570 maunds respectively, and other districts 6,776 maunds of linseed and 47,606 maunds of mustard-seed.

20. *Silk, manufactured.*—The value of manufactured silk exported to Nepal was Rs 43,525 against Rs. 23,184 in 1886-87, and Rs. 74,443 in 1885-86. The statistics of the frontier post of Kutkenwa in Chumparun show that Rs. 30,000 worth of goods exported during the year were sent to Nepal by that route.

21. *Betelnuts.*—The export trade showed an increase of 7,083 maunds and 9,345 maunds on the returns of 1886-87 and 1885-86, respectively. The great bulk of this traffic was registered on the frontier of the Chumparun district.

22. *Spices.*—The total export traffic under this head rose from 11,360 maunds in 1885-86 to 13,164 maunds in 1886-87, and 21,809 maunds in 1887-88. The principal posts at which spices were registered largely during year are as follows—

23. *Sugar*.—The exports of drained sugar showed an increase of 5,110 maunds as compared with 1886-87 and of 7,889 maunds over the figures of 1885-86, while the supply of undrained sugar rose from 24,929 maunds in 1885-86 and 24,413 maunds in 1886-87 to 46,854 maunds in 1887-88. The district of Chumparun with 6,918 maunds of drained and 23,562 maunds of undrained sugar exported the largest quantity; Mozufferpore supplied 736 maunds of drained and 3,556 maunds of undrained sugar, and Durbhunga 1,257 maunds and 3,999 maunds, respectively.

24. *Tobacco*.—Tobacco is both imported and exported. The aggregate quantity registered during the year was 51,054 maunds, showing an increase of 18,010 maunds and 17,173 maunds on the returns of 1886-87 and 1885-86 respectively; of the total exports, Chumparun contributed 20,093 maunds, Mozufferpore 9,793 maunds, and other districts 7,594 maunds.

25. *Timber*.—The imports showed an advance of 60,449 maunds on the figures of 1886-87, but they were below the trade of 1885-86 by 8,331 maunds. The subjoined statement gives the names of the different stations where the largest quantity was registered during the past three years:—

26. *Wool, manufactured*.—The total value of the export trade under this head showed an advance of Rs. 17,836 as compared with 1886-87, but it was below the trade of 1885-86 by Rs. 56,478. Of the whole amount, Rs. 43,225 worth passed through Adapore, Rs. 38,989 worth through Ruxoul, Rs. 14,800 worth through Kutkenwa, and the remainder (Rs. 15,419 worth) through other stations.

27. *Silver*.—Last year the imports under this head showed a decrease of Rs. 86,519 and Rs. 56,305 as compared with 1886-87 and 1885-86 respectively, and the exports a falling off of Rs. 21,901 as compared with 1886-87, though they still exceeded the figures of 1885-86 by Rs. 43,696. The principal registering stations were—

28. It was explained in the report for 1886-87 that the figures submitted in the previous report did not distinguish trade registered at one station only from trade registered at both, and that in order to avoid a double record of trade at the stations of Kalimpong and Rhenok, the Deputy Commissioner had revised the figures of 1885-86 and 1886-87, showing separately the trade of Bengal with Tibet and Sikkim during those years. The figures for the first eight months of the year 1887-88 have also been revised by him in the same way, and he has given comparative figures for certain articles which were omitted in the returns of 1886-87, thus slightly altering the total value of the trade shown in the last report. Since December 1887, however, arrangements have been concluded, by which the actual trade passing between Bengal and these States is shown in the traffic returns. Details of this traffic, month by month, as well as for the whole year, are shown in the statements appended to this report, and these should be substituted for the statements previously

submitted to the Government of India in respect of these two sections of the trade.

29. According to the statistics now furnished, the total value of the trade with Tibet and Sikkim separately during the past year is compared below with that of the two previous years:—

30. The decrease in the Tibetan trade is due to the existence of an uneasy feeling on the frontier which culminated after the close of the year in the entire cessation of traffic. The trade with Sikkim showed an improvement both under imports and exports, the total increase in value, amounting to Rs. 94,078, or 60 per cent. on the figures of 1886-87 and a corresponding increase on those of 1885-86. The following statement shows the fluctuations of traffic, month by month, during 1887-88, as compared with the figures of the preceding two years:—

31. *Trade with Tibet.*—In the import traffic, the large decrease in April 1887 was due to the cessation of the silver trade, while the noticeable increase in November and December 1887 and January 1888 occurred in raw wool, yak tails, and woollen goods. In the case of exports, the large decrease between April and July 1887 was under the heads cotton and woollen piece-goods, horses, indigo, and metals, while the increases in November 1887 and February 1888 were under European piece-goods.

32. *Trade with Sikkim.*—The marked increase in the import traffic in December 1887 and January 1888 was due to a brisk trade in vegetables and

pulses. The increase in the exports was pretty general over all the months, and was for the most part due to the advance under piece-goods and tobacco.

TRADE WITH
TIBET AND
SIKKIM.

33. The following extracts are made from the Deputy Commissioner's monthly reports on the condition of the frontier trade:—

April 1887.—“Trade with Tibet continues to be at a standstill. I have been informed that many traders have returned from Phari in despair. If this is the case, our trade, which we have fostered with so much care for years past, has received a most severe blow, from which it will be long in recovering. I am also told that the Kazi of Yantza in Bhutan has been asked to try and get some of the merchandise over the Senehala Pass, and so through Lencha.

"It is noticeable that even here tobacco is a favourable article with smugglers.

June 1887.—"Information has been received that the inhabitants of the Chumbi Valley have been allowed to cross the passes, hence we may expect a slight increase in trade."

"There is a growing demand for wool, which, however, cannot be met until general trade with Tibet has been put on a more satisfactory footing.

July 1887.—“Trade with Tibet is still insignificant. The Rangli bridge has been washed away, and the Edgar road is in bad order, so transport at present is exceedingly difficult.

August 1887.—"No change in our relations with Tibet has taken place since last report.

September 1887.—"The Tibet trade, such as it is, is still confined to Chumbi Valley inhabitants."

Owing to political complications on the frontier, the trade with Tibet has entirely ceased since the close of the year.

34. The total value of the chief items comprised in the import trade during the past three years, is given below:—

DUTIES ON THE
NEPALESE
FRONTIER.

39. The local officers have reported at considerable length the various changes in the rates of duty levied by the Nepalese authorities on frontier trade, but the information given is of a very detailed character and it does not seem necessary to reproduce it in this report. The tendency is towards a considerable increase on all articles of merchandise, and the rates of fees vary very much in different localities.

TIBETAN SALT.

40. Last year the total quantity of untaxed foreign salt imported into British territory from trans-Himalayan sources fell off by 27·31 per cent. on the returns of 1886-87, as will be seen from the comparative statement below :—

				1885-86.	1886-87.	1887-88.
				Mds. s.	Mds. s.	Mds. s.

Julpigoree	34 16	19 38	16 6
Total	351 1	386 4	280 26

The decrease was almost entirely in the imports into Darjeeling, which fell off by 27·76 per cent. as compared with 1886-87, and by 16·46 per cent. in comparison with 1885-86.

The rates given are in English money, and are levied on imports into Nepal only on articles which are not taken to shops of traders or to hâts in Nepal. As to articles exported from Nepal and imported into India, nothing is taken from those persons who buy grain from cultivators and pay the *Kayali* (a fee for weighing the grain), nor from those persons who buy at hâts in Nepal and pay hâti dues there.

The import and export duties levied on articles taken to the fair at Bara Chatr continue the same as before, viz:—
